

I wrote this speech to say thank you so much Ben Cohen for paying for such an eventful day. Year 6, Mr.Murdin and all the other teachers here, I'm sure, appreciate what you have done for us.

We are grateful for the whole day itself and of course the coach here and back (because we don't exactly want to walk). That isn't the only pleasure; there is the pleasure of meeting you. You are an amazing rugby player and an amazing inspiration to one of our class mates...

There is one person I want to talk about and it's someone in our class. He's a real rugby fanatic. And that is Liam. Ever since Mr.Murdin mentioned our trip to meet you, I thought Liam was going to faint with excitement (and he hasn't stopped smiling).

There was something really inspirational he said to me and that was "I play for the Old Scouts just like he did. I bet I could be as good as him!"

So, this speech was just supposed to be a small thank you , but I did a lot more!

So, Thank you Ben Cohen
