

Dear Ben Cohen,

This speech is to thank you and your foundation, for paying for our visit to Hazard Alley.

It is very important that we know about how to stay safe, whether it is on the internet, or on the road. Nowadays, the internet is very popular, and even small children have access to it. There is a lot of danger around, so it is necessary to know what to do to keep safe!

That is why we are very grateful, that you donated this trip!
